

Calendar-themed study plan of Epidemiology

Written by Infection

Wednesday, 24 November 2021 02:00 - Last Updated Wednesday, 24 November 2021 20:30

CALENDAR-THEMATIC	22	PLAN OF LECTURES	2021	EPIDEMIOLOGY, A	COURSE, 20	Y.
-------------------	----	------------------	------	-----------------	------------	----

N

Name of theme

Lasting (hours)

Lecturer

(eng.)

Stream, Date

eng.

1

[Article of epidemiology. Epidemiology in the structure of medical sciences and health care. A concept about "epidemiology of uninfected illnesses". Studies about an epidemic process. Classification of infectious diseases. Directions of fight against infectious diseases](#)

2

Malysh N.

Online

01	.09.20		
9	50	-11	10

2

[Disinfection and sterilization. Living carriers of causative agents of infectious diseases. Disinsection. Deratization](#)

2

Calendar-themed study plan of Epidemiology

Written by Infection

Wednesday, 24 November 2021 02:00 - Last Updated Wednesday, 24 November 2021 20:30

Malysh N.

Online

02	.09.20		
9	50	-11	10

3

[Epidemiology description of infections with sullage-oral mechanism of transmission \(typhoid, hepatitis A and B, cholera\). Prophylactic and disease measures. Epidemiology supervision](#)

2

Chemych O.

Online

3	.09.20		
8	15	-9	35

4

[Epidemiology description of infections with aerosol mechanism of transmission \(diphtheria, measles, flu and ARVI\). Prophylactic and disease measures. Epidemiology supervision](#)

2

Chemych O.

Online

4	.09	.20	
8	15	-9	35

5

[Epidemiology description of quarantine infections. Prophylactic and disease measures. Epidemiology supervision](#)

2

Calendar-themed study plan of Epidemiology

Written by Infection

Wednesday, 24 November 2021 02:00 - Last Updated Wednesday, 24 November 2021 20:30

CM

1.

Epidemiology

1

[Doctrine about an epidemic process. Antiepidemic measures in the hearth of infectious diseases. Antiepidemic work of district \(domestic\) doctors and infectionists](#)

[Test items](#)

2

ГТ1, КУКл

2

[Organization of antiepidemic and prophylactic work on a medical area](#)

[Test items](#)

2

ГТ1, КУКл

3

Calendar-themed study plan of Epidemiology

Written by Infection

Wednesday, 24 November 2021 02:00 - Last Updated Wednesday, 24 November 2021 20:30

[Disinfection and sterilization. Living carriers of causative agents of infectious diseases. Disinsection. Deratization](#)

[Test items](#)

2

ГТ1, КУКл

4

[Imunoprophylaxis of infectious diseases. Calendar of prophylactic immunizations. Evaluation of efficiency of imunoprophylaxis. Urgent imunoprophylaxis](#)

[Test items](#)

2

ГТ1, КУКл

5

[Epidemiology method of research and his structure. Epidemiology diagnostics. Prognostication of displays of epidemic process. Planning of disease and prophylactic measures.](#)

Test items

Control work

2

ГТ1, КУКл

Themes for an independent study

-

Epidemiology and prophylaxis of NCI

CM 2.

Special epidemiology

6

Disease measures in the cells of infections from sullage-oral mechanism of transmission (shigellosis, typhoid and paratyphoid, viral hepatitis A, cholera)

Test items

Calendar-themed study plan of Epidemiology

Written by Infection

Wednesday, 24 November 2021 02:00 - Last Updated Wednesday, 24 November 2021 20:30

2

ГТ1, КУКл

7

[Disease measures in the hearth of infections with the respiratory mechanism of transmission \(diphtheria, meningococcus infection, epidemic parotitis\)](#)

[Test items](#)

2

ГТ1, КУКл

8

[Disease measures are in the cells of infections with the transmissive and contact mechanisms of transmission \(hepatitis B and C\)](#)

[Test items](#)

[Epidemic outbreak survey map](#)

2

ГТ1, КУКл

Calendar-themed study plan of Epidemiology

Written by Infection

Wednesday, 24 November 2021 02:00 - Last Updated Wednesday, 24 November 2021 20:30

9

[Prophylactic and antiepidemic measures at especially dangerous infections \(cholera, plague\). Quarantine measures.](#)

[Test items](#)

Defence of term paper

2

ГТ1, КУКл

10

Final module control:

- practical preparation;
- theoretical preparation

2

ГТ1, КУКл

Themes for an independent study

-

Disease measures in the hearth of hemorrhagic fevers of Marburg, Lass and Ebola.

-

Calendar-themed study plan of Epidemiology

Written by Infection

Wednesday, 24 November 2021 02:00 - Last Updated Wednesday, 24 November 2021 20:30

Disease measures in the hearth of infections with the transmissible mechanism of transmission (spotted fever, Brill's disease, malaria, tick encephalitis, Laim's disease, zoonotic ricketsiosis).

-

Writing of individual term paper

NOTICE.

1. At the end of the learning session (holidays etc.) themes which were given out in

2. The specific day for re-w

Schedule **W** **orking off** [\(Wednesday, Saturday\)](#)

3. The skipped lectures are ~~work~~ed off lecturer or manager of
