## THEMATIC PLAN OF PRACTICAL LESSONS OF EPIDEMIOLOGY, V COURSE, 2022/2023.

Contentive module

Nº of lesson

Theme of practical lesson

Lasting (hours)/date

Place of lesson           я

CM 1.                   Epidemiology                   Evidence-based                   the medicine

## Calendar-themed study plan of Epidemiology

Written by Infection

Sunday, 18 September 2022 02:00 - Last Updated Sunday, 18 September 2022 12:49

---

1

[Doctrine about an epidemic process. Antiepidemic measures in the hearth of infectious diseases. Antiepidemic work of district \(domestic\) doctors and infectionists](#)

[Test items](#)

2

ГТ1, КУКл

2

[Organization of antiepidemic and prophylactic work on a medical area](#)

[Test items](#)

2

ГТ1, КУКл

3

## Calendar-themed study plan of Epidemiology

Written by Infection

Sunday, 18 September 2022 02:00 - Last Updated Sunday, 18 September 2022 12:49

---

[Disinfection and sterilization. Living carriers of causative agents of infectious diseases. Disinsection. Deratization](#)

[Test items](#)

2

ГТ1, КУКл

4

[Imunoprophylaxis of infectious diseases. Calendar of prophylactic immunizations. Evaluation of efficiency of imunoprophylaxis. Urgent imunoprophylaxis](#)

[Test items](#)

2

ГТ1, КУКл

5

## Calendar-themed study plan of Epidemiology

Written by Infection

Sunday, 18 September 2022 02:00 - Last Updated Sunday, 18 September 2022 12:49

---

[Evidence-based medicine and clinical epidemiology. Analytical and Experimental Epidemiology. Design of observational, analytical, experimental, epidemiological \(clinical\) studies. Evidence hierarchy of epidemiological \(clinical\) studies.](#)

### Test tasks

2

ГТ1, КУКл

6

[Epidemiology method of research and his structure. Epidemiology diagnostics. Prognostication of displays of epidemic process. Planning of disease and prophylactic measures.](#)

### Test items

2

ГТ1, КУКл

7

# Calendar-themed study plan of Epidemiology

Written by Infection

Sunday, 18 September 2022 02:00 - Last Updated Sunday, 18 September 2022 12:49

---

Defending work with retrospective epidemiological analysis.

[Guidelines](#)

Final lesson on content module 1

-

[Control work](#) .

2

ГТ1, КУКл

Themes for an independent study

Classification of the design of epidemiological (clinical) studies. An overview of the main types of research

CM2

[Special epidemiology](#)

8

[Disease measures in the cells of infections from sullage-oral mechanism of transmission \(shigellosis, typhoid and paratyphoid, viral hepatitis A, cholera\)](#)

## Calendar-themed study plan of Epidemiology

Written by Infection

Sunday, 18 September 2022 02:00 - Last Updated Sunday, 18 September 2022 12:49

---

### Test items

2

ГТ1, КУКл

9

Anti-epidemic measures in focus of infections with aerosol transmission mechanism (COVID-19, influenza, diphtheria, meningococcal infection, mumps, measles, chickenpox).

### Test items

2

ГТ1, КУКл

10

(Anti-epidemic measures in focus of infections with a vector-borne transmission mechanism (typhus, Lyme disease, malaria, tick-borne encephalitis, leishmaniasis)

### Test items совые задания

## Calendar-themed study plan of Epidemiology

Written by Infection

Sunday, 18 September 2022 02:00 - Last Updated Sunday, 18 September 2022 12:49

---

### [Epidemic outbreak survey map](#)

2

ГТ1, КУКл

11

### [Anti-epidemic measures in focus of infections with a contact mechanism of transmission \(HIV, viral hepatitis B, C, D, G, SEN, TTV\).](#)

2

ГТ1, КУКл

12

Epidemiological characteristics of infections associated with the provision of medical care. Infection control

2

ГТ1, КУКл

## Calendar-themed study plan of Epidemiology

Written by Infection

Sunday, 18 September 2022 02:00 - Last Updated Sunday, 18 September 2022 12:49

---

13

[Prophylactic and antiepidemic measures at especially dangerous infections \(cholera, plague\). Quarantine measures.](#)

[Test items](#)

2

ГТ1, КУКл

14

Defence [Epidemic outbreak survey map](#)

2

ГТ1, КУКл

Themes for an independent study

Principles of prevention and control of infectious disease.

## Calendar-themed study plan of Epidemiology

Written by Infection

Sunday, 18 September 2022 02:00 - Last Updated Sunday, 18 September 2022 12:49

---

An ordered list of preventive and anti-epidemic measures.

Medical and sanitary measures in the focus of infectious diseases.

Writing an individual term paper.

15

Final module control:

practical preparation;

theoretical preparation.

2

ГТ1, КУКл

NOTE.

1. If the lesson falls out (holidays, etc.), the topics that were brought up for this lesson are studied indepe
